

BIOBLITZ

CASUARINA COASTAL RESERVE WEEKEND OF 29 MARCH 2025

Event 19: Reptiles and Frogs - Saturday 6:30 pm

What: Join local herpetologists to survey the nocturnal reptiles and frogs of Casuarina Coastal Reserve. Surveys will be conducted by torchlight at night and include visual searching and hand searching. Visual nocturnal searches use headtorch light to spot active reptiles (e.g., skinks, snakes), as well as eye-shining for geckoes and frogs. Participants will have the opportunity to observe reptiles and frogs captured by leaders up close before release on site.

Leader: Jordan Mulder is a herpetologist and avid wildlife photographer currently employed by Territory Natural Resource Management. Jordan lives in Darwin and has extensive field experience across the Top End.

When: Saturday, 29 March 2025, 6:30 pm to 9:00 pm

Where: Meet at the BioBlitz Base Camp at the Darwin Surf Live Saving Club (above De La Plage) at 6:30 pm for registration. Surveys will start at 7:00 pm and will be conducted in different habitats (e.g. vine-forest, mangroves, savanna woodlands, coastal grasslands) along trails starting at the carpark at the end of Daribah Road.

Distance: Return walk approximately 2.6 km.

Difficulty: Moderate. Includes walking on bush trails at night with some short forays into adjacent vegetation.

Who can attend: All ages, children 5-15 welcome with a parent/carer

Number of participants: 10

Notes: Bring a torch (ideally a head torch). A list of what to bring and wear will be provided on registration.

This event is organised by the
Friends of Casuarina Coastal Reserve Inc.
